

Aquatics workshop

YOUNGSTOWN -- The Youngstown Jewish Community Center will have an aquatics workshop for children with disabilities from 7 p.m. to 9 p.m. April 8 and 9 at the center, 505 Gypsy Lane. The program includes both water and classroom sessions and costs \$65, which includes two meals.

Aside from teaching swimming and water safety to children with disabilities, the workshop's goals include improving the participants' individual social behavior skills.

Jim Beeson, director of the Collingwood Center Adapted Aquatics Program in Toledo, will present the workshop. His adapted aquatics program was rated ninth best in nation by the U.S. Water Fitness Association. Beeson specializes in work with autistic children.
